

NUVERIA LABS FOAM DRESSINGS

Gentle care for a wide range
of skin concerns.

DESIGNED FOR

Wound Management:

- Wide range of partial to full-thickness wounds such as skin tears, pressure injuries, and foot ulcers
- Wounds with low to heavy drainage

Prevention:

- Protection of at-risk areas and areas showing early signs of damage
- Part of a pressure injury prevention protocol

BENEFITS

FLEXIBLE

Conforms to the shape of the patient, while allowing comfortable movement

LOW PROFILE

Non-bulky design allows for more comfort and longer wear time

GENTLE

Allows for atraumatic removal and easy repositioning, minimizing discomfort and damage to the skin

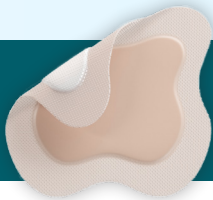

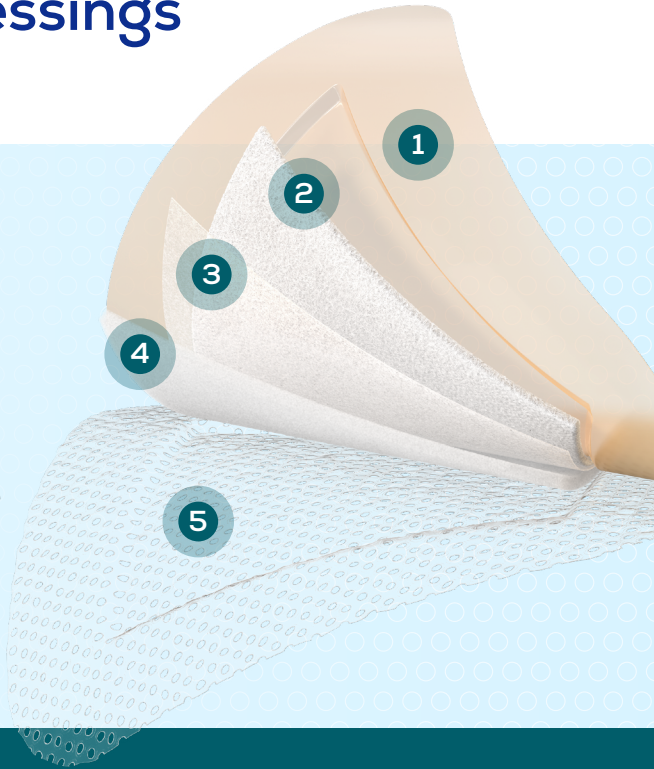

BREATHABLE

Multi-layer construction allows for absorption and evaporation of fluids, creating an optimal moist wound healing environment

Multi-layer bordered foam dressings with superabsorbent core

- 1 Breathable and water-resistant film backing** – acts as a physical barrier to bacteria
- 2 Retaining superabsorbent layer** – absorbs drainage and retains it in the dressing, minimizing the risk of maceration
- 3 Drainage transferring layer** – helps move drainage up, from foam to superabsorbent layer
- 4 Absorbing foam layer** – absorbs and moves drainage up into the dressing and away from wound and peri-wound area helping reduce pooling of drainage at the wound site and risk of maceration
- 5 Gentle silicone contact layer** – helps minimize discomfort during dressing change and removal, allows the dressing to be lifted and repositioned

Sacral dressing is designed to be better suited for the posterior anatomy of the sacrum, allowing the dressing to stay on longer and function better by being more fitted and flexible.

Bordered foam dressings SKU details:

Item Code	Size	Qty per box	Qty per case
REMSF33B	3"x3" (7.5x7.5cm)	10	100
REMSF44B	4"x4" (10x10cm)	10	100
REMSF66B	6"x6" (15x15cm)	10	100
REMSF77B	7"x6.5" (18x16.5cm) sacral	5	40
REMSF99B	9"x8" (22.8x20.3cm) sacral	5	25

Non-bordered foam dressings

- Gentle silicone contact layer
- Drainage absorbing foam layer
- Breathable and water-resistant film backing
- Can be cut to size

Non-bordered foam dressings SKU details:

Item Code	Size	Qty per box	Qty per case
REMNSF44	4"x4" (10x10cm)	10	50
REMNSF45	4"x5" (10x12.7cm)	10	50
REMNSF66	6"x6" (15x15cm)	10	50
